

## Thank You School Re-Entry Learning Session Attendees and Panelists

Dear Members,

We would like to thank everyone who participated in last night's panel presentation entitled 'School Re-Entry & Children's Health in the Time of COVID-19 for Pediatric Providers.' We were honored to host our expert panelists **Dr. Sean Elliot** (Infectious Disease), **Dr. Kristina Wilson** (Sports Medicine), **Dr. Cara Christ** (Arizona Department of Health Services), and **Dr. Mark Joraanstad** (Arizona School Administrators) answering questions from members to help navigate this complex topic, address parental concerns, support schools and deal with challenges in the community. Special thanks goes to **Dr. Jason Vargas** (AzaAP President) as our panel moderator and **Dr. Mary Rimsza** (Advocacy Committee Chair) who volunteered her time to help plan a flawless event. If you didn't get a chance to tune-in last night, the learning session recording is available NOW on [AzaAP's Arizona Pediatric COVID-19 Training Center](#).
